I. APPLICABILITY OF THE A/E MANUAL:

The rights and duties of the Owner and Architect/Engineers (A/E) applicable to State projects are set forth in the Terms and Conditions of the A/E Contract (CO-3a) and the A/E Manual as defined in the current edition of the Construction and Professional Services Manual (CPSM), as amended. The Terms and Conditions are available at <https://dgs.virginia.gov/engineering-and-buildings/statewide-constructionproject-management/current-cpsm-edition/>

Offeror's attention is directed to Chapter 2, Definitions of the CPSM, for definitions of terms used in this RFP. The terms "Agency" and "Owner" are used interchangeably in the material referenced in this RFP and mean Jaunt, Inc. (Jaunt), the public service corporation issuing this solicitation for services and with whom the successful A/E Offeror will enter into an agreement. For purposes of clarity and uniformity in this RFP, only the term "Agency" will be used.

II. PURPOSE:

The Agency often needs professional architectural and/or engineering assistance such as investigations, studies, reports, review of design and engineering documents and related services for transit construction projects. In addition, design services for projects directly managed by the Agency may also be needed. The purpose and intent of this RFP is to solicit proposals for a Term Contract for such professional architectural and/or professional engineering services to be provided on an "as needed" basis pursuant to Project Orders issued during the contract term. The A/E(s) awarded a contract will agree to be available to provide these services in a timely manner, thereby reducing the Agency's cost and time for advertising and developing numerous RFPs and increasing the Agency's efficiency in obtaining professional services.

The initial contract period shall be for two years. The contract shall be renewable for one additional term, at the Agency's option. The additional term shall be for an one-year period. See Section X Contract Term for more information.

III. AGENCY'S RIGHT TO ISSUE RFPS AND PROJECT ORDERS:

The Agency reserves the right, at its sole discretion, to issue RFPs for similar work, for other disciplines or types of work, and for other projects as the need may occur. An A/E may have only one A/E Term Contract in effect with an agency or its subsidiaries or branches at any time.

The Agency also reserves the right to issue Project Orders to other A/Es under Term Contracts at its sole discretion, based on its evaluation of each A/E's qualifications, expertise, current workload, capabilities, performance record, location or distance to the project, and other factors as may be pertinent to the particular project.

IV. SCOPE OF SERVICES:

The selected A/E shall furnish all labor and resources, in accordance with the requirements of the A/E Manual, to provide complete services necessary for Project Order(s) issued during the Contract Term. In conducting these services, the A/E shall ensure all applicable Federal, State and local requirements are being met. The types of services that the A/E may be required to perform include, but are not limited to the following:

A. Design Services:

- Transit design review services to include but not limited to program review and concept, schematic design, design development, construction documents on buildings including operation, maintenance, administration, multimodal transfer facilities, etc.
- Discrete reviews and studies, such as, but not limited to:
 - Develop independent cost estimates for construction projects.
 - Perform risk assessments and provide risk management services.
 - Perform value engineering studies.
 - Perform constructability reviews.
- Other review services as may be required by Jaunt
- Design services (conceptual engineering design, preliminary engineering design, surveying, hydrologic and hydraulic analysis, geotechnical analysis, and landscape architecture, etc.) may be needed on projects that are directly managed by the Agency.
- Design services for transit shall comply with all requirements of the CPSM, as applicable.

B. Construction Administration Services:

- Construction administration services as defined in the CPSM, as applicable. Typical administration services include but are not limited to monitoring, observation and site visit reports on tracks, signals, structures, crash walls, civil site, buildings, park-n-ride facilities, etc.
- Provide additional construction administration services as may be defined in the Memorandum of Understanding (MOU).

Any Project Order for a feasibility or other study or review of a schematic or preliminary design issued pursuant to the Term Contract shall not include the right to extend the A/E's scope of services to include full design and construction period services. The A/E shall not, however be prohibited from participating in competitive negotiation procurement for such services.

V. POLICY ON SMALL BUSINESSES AND BUSINESSES OWNED BY WOMEN AND MINORITIES:

It is the policy of the Commonwealth of Virginia to contribute to the establishment, preservation and strengthening of small businesses and businesses owned by women and minorities and to encourage their participation in state procurement activities. The

Commonwealth encourages contractors to provide for the participation of small businesses and businesses owned by women and minorities through partnerships, joint ventures, subcontracts, or other contractual opportunities. Submission of a report of past efforts to utilize the goods and services of such businesses is required with any proposal for A/E services where the total A/E contract amount may exceed \$100,000. Since the potential for Project Orders under the contract exceeds \$100,000, the Offeror must provide information on its past utilization of Small, Women, and Minority Owned disadvantaged businesses, and must also state any plans to utilize such businesses and the manner in which they may be utilized under this Contract.

A list of Virginia Department of Small Business and Supplier Diversity (DSBSD) certified Small, Women-owned, and Minority-owned Business (“SWAM”) firms are maintained at www.DSBSD.virginia.gov under the SWAM Vendor Directory link.

VI. LICENSE AND REGISTRATION:

All business entities, except for sole proprietorships, are required to register with the State Corporation Commission. Foreign Professional corporations and Foreign Professional Limited Liability Companies (i.e., organized or existing under the laws of a state or jurisdiction other than Virginia) must possess a Commonwealth of Virginia Certificate of Authority from the State Corporation Commission to render professional services. Any business entity other than a professional corporation, professional limited liability company, or sole proprietorship that does not employ other individuals for which licensing is required must be registered in the Commonwealth of Virginia with the Board for Architects, Professional Engineers, Land Surveyors, and Landscape Architects (“Board”) of the Department of Professional and Occupational Regulation (“DPOR”). Board regulations require that all branch offices of professional corporations and business entities located in Virginia that offer or render any professional services relating to the professions regulated by the Board be registered as separate branch offices with the Board. All offices, including branches that offer or render any professional service must have at least one full-time resident professional who is responsible and in charge who is licensed in the profession offered or rendered at that office. All firms that are to provide professional services must meet these criteria prior to submitting a Proposal to Jaunt. Individual engineers shall meet the requirements of Chapter 4, Title 54.1 of the *Code of Virginia*.

Each business entity (prime and sub-consultants) on the proposed team that is practicing or offering to practice professional services in Virginia, including, but not limited to, those practicing or offering to practice engineering, surveying, hydrologic and hydraulic analysis, geotechnical analysis and landscape architecture, must provide evidence in the Proposal, including full size copies of appropriate commercial professional registrations and licenses for all main and branch offices proposed for this Project, and for appropriate individual registrations/licenses for those professional occupations per the requirements listed below. The Proposal should convey the requested information for each registrant by the use of a concise table or matrix. Full size copies of the State Corporation Commission and DPOR supporting registration will not count towards the page restriction.

- The State Corporation Commission registration detailing the name, registration number, type of corporation and status of the business entity.
- The DPOR registration information for each office practicing or offering to practice any professional services in Virginia, including the business name, address, registration type, registration number, expiration date.
- The DPOR license information for each of the Key Personnel practicing or offering to practice professional services in Virginia, including the name, address, type, registration number, and expiration date. Provide the office location where each of the Key Personnel is offering to practice professional services.
- The DPOR license information for those services not regulated by the Board, such as real estate appraisal, including the business name, address, registration type, registration number, and expiration date.

Failure to comply with either state or federal law with regard to requirements in Virginia regarding the Offeror's organizational structure, any required registration with governmental agencies and/or entities, and any required governmental licensure, whether business, individual, or professional in nature, may render the Proposal submittal, in the sole and reasonable discretion of the Agency, non-responsive. In that event, the Proposal submittal may be returned without any consideration or evaluation.

"The Offeror is responsible for ensuring that the redacted version of the proposal is carefully edited, altered, and refined in order to protect and maintain complete confidentiality of protected information.

- Any information thought to be relevant, but not specifically applicable to the enumerated scope of services, may be provided as an appendix to the proposal. If publications are supplied by the Offeror to respond to a requirement, the response should include reference to the document number and page number. VIII. EVALUATION AND AWARD OF CONTRACTS:

- A. **Evaluation Criteria:** Proposals shall be evaluated by the Agency using the following criteria:

 - Expertise and past experience of the A/E in providing services on other Term Contracts or on projects of similar size, scope and features as those required for the scope of services on this RFP.
 - A/E's recent (past five years) experience/history in designing projects within the established "Design-not-to-exceed" budget.
 - A/E's experience in providing services in conformance to the State's Construction and Capital Outlay procedures including Codes, Standards, Accessibility and Building Efficiency, as applicable.

- **Quality of Proposal: 10 points** - Clear and concise organization of the proposal including appearance and quality.

B. **Award of Contract:** The Agency shall engage in individual discussions and interviews with a minimum of two Offerors deemed fully qualified, responsible and suitable on the basis of initial responses, and with professional competence to provide the required services. Repetitive informal interviews are permitted. Offerors shall be encouraged to elaborate on their qualifications, performance data, and staff expertise relevant to the proposed contract. Proprietary information from competing Offerors (including the plan for accomplishing the scope of services) will not be disclosed to the public or to competitors provided such information is duly marked as "Proprietary Information" by the Offeror and the designation is justified as required by § 2.2-4342 of the *Code of Virginia*, as amended. At the conclusion of the informal interviews, on the basis of evaluation factors published in the RFP and all information developed in the selection process to this point, the Agency shall rank, in the order of preference, the interviewed Offerors whose professional qualifications and proposed services are deemed most meritorious.

Separate negotiations shall then be conducted with the two highest ranked Offerors to establish acceptable MOUs, including marked up hourly rates considered fair and reasonable, and which compare favorably with the typical labor rates for the various A/E skill levels required for the work. Contract awards will be made to the Offerors provided the A/Es accept/agree to the Project Order offered at the time of negotiations. If the Agency and an Offeror cannot come to an agreement, negotiations with the Offeror shall be formally terminated and negotiations conducted with the third highest ranked Offeror, and so on, until such a contract can be negotiated at fair and reasonable rates and the Project Order agreed to by the Agency and Offeror. This process will continue until the desired number of A/E contracts is awarded by the Agency for the Term Contract.

IX. FEES:

- A. The MOU prepared by the Agency will document the negotiated acceptable labor rates for the various A/E classifications/disciplines/skill levels. These rates will be used by the Agency in arriving at lump sum fees and any hourly rate work that is authorized by the Agency for Project Orders issued under the Term Contract resulting from this solicitation.
- B. If a Project Order is to be performed on a lump sum basis, the Agency shall determine a lump sum based on the scope of service required, the estimated man-hours required

for each classification/discipline/skill level, and the labor rates agreed upon during the contract negotiations.

X. CONTRACT TERM:

Under this Contract, Project Orders may be issued during the two years' following the date of execution of this Contract. This two-year period shall be referred to as the "Contract Term". It is understood that the A/E's work under the Project Orders issued may not be completed during the Contract Term; however, all terms and conditions of this Contract, including all rights and obligations, shall survive until the work is completed, except the Agency's right to issue, and the A/E's right to accept, additional Project Orders.

The Agency may, at its sole discretion, renew the Contract for additional one-year Contract Term provided the option to renew was indicated in the RFP. If the Agency exercises its option to renew, the next Contract Term shall begin two years from the date of the execution of this Contract, the previous renewal period, or the date that the Agency notifies the A/E that the option to renew is being exercised, whichever occurs first.

XI. PROJECT ORDERS:

The first Project Order will be issued at the same time as the execution of the A/E Term Contract. It will authorize the A/E to perform the work for a lump sum amount or at the marked up hourly rates agreed to and set forth in the MOU attached to the A/E Term Contract.

It is understood that more than one Project Order may, at the Agency's sole discretion, be offered to the A/E during the Contract Term. Although the potential exists for multiple project orders during the Contract Term, the Agency does not represent or guarantee that the A/E will receive more than one Project Order.

XII. CONFLICT OF INTEREST:

Offerors that are awarded a contract under this RFP may not be eligible for certain Project Orders if they are working on a related contract. This determination will be made at the sole discretion of the Agency. All Offerors that are awarded a contract under this RFP must notify the Agency immediately of any conflicts that exist when they are asked to submit a proposal for a task order.

XIII. TIME SCHEDULE:

RFP Issued: May 6, 2024

Questions Due: May 20, 2024 at 1:00 p.m.

Proposals due: June 7, 2024 at 1 p.m.

Proposals should recognize the requirements of public sector agencies and of public policy generally, including the Freedom of Information Act, State statutes and agency rules on release of public records, and data confidentiality.

All copyright material created pursuant to this contract shall be considered work made for hire and shall belong exclusively to Jaunt. In the case that either whole or part of any such copyright material not be deemed work made

Jaunt shall have all rights, title and interest in or to any invention reduced to practice pursuant to this contract. The contractor shall not patent any invention conceived in the course of performing this contract. The contractor hereby agrees that, notwithstanding anything else in this contract, in the event of any breach of this contract by Jaunt, the remedies of the contractor shall not include any right to rescind or otherwise revoke or invalidate the provisions of this section. Similarly, no termination of this contract by Jaunt shall have the effect of rescinding the provisions of this section.

Jaunt is only entitled to the intellectual property rights for deliverables and associated documentation produced by the contractor for which Jaunt has fully paid the contractor as the contract is completed or as the contract is terminated for any reason.

Copyright or pre-existing work of the contractor shall remain the property of the contractor. The contractor grants to Jaunt a perpetual, royalty-free, irrevocable, worldwide, non-exclusive license to use such pre-existing work in connection with exercising the rights of ownership granted to Jaunt pursuant to this section.

Notwithstanding anything herein to the contrary, Jaunt acknowledges that as part of the contractor's provision of services hereunder, the contractor may license third-party software or acquire proprietary works of authorship (collectively referred to as "products"), which have been developed by third parties. Jaunt must approve the third-party license agreements and the acquisition of these third-party products prior to their use by the contractor and Jaunt agrees that these products will remain the sole property of the third party.

7. Jaunt reserves the right to approve any personnel or subcontractors proposed for the work described in this RFP and/or any subsequent contract resulting from this RFP. Jaunt will provide written justification to the contractor when approval is not granted.
8. **PATENT RIGHTS:** If any invention, improvement or discovery of the Consultant or any of its Sub consultants is conceived or first actually reduced to practice in the course of or under this Project which invention, improvement or discovery may be patentable under the Patent Laws of the United States of America or any foreign country, the Consultant shall immediately notify Jaunt and provide a detailed report. The rights and responsibilities of the Consultant, his Sub

consultants and the Department with respect to such invention will be determined in accordance with applicable Federal laws, regulations, policies, and waivers thereof.

9. **KEY PERSONNEL:** People identified in terms of this RFP as "key personnel" who will work on the service contract, must continue to work on this contract for its duration so long as they continue to be employed by the Consultant unless removed from work on the Contract with the consent of the purchasing agency.

Click on the sheet tabs below to go to the appropriate form.
(If more than one copy of a specific type of form is needed, make a copy of the Excel file.)

Fill in the fields highlighted in yellow. Use the tab key to move easily from field to field. The mouse can be used to select the fields. (On large text fields, the mouse must be used rather than the tab key.)

Some fields contain selection lists. These fields are denoted with an arrow just to the right of the field. To select from the list of choices, click on the arrow, and then select the appropriate choice.

When complete, print the appropriate forms, assemble them in order, and submit them as described in the RFP.

Be factual and concise. Remember that the Selection Committee members will be reviewing numerous responses to an RFP before selecting firms for interviews. Deviation from the prescribed format is **not** encouraged as it makes it more difficult for the Selection Committee to review submittals. - (3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

- (7) In the event of the contractor's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The provisions within include, in part, certain Standard Terms and Conditions required under the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR § 200), whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, detailed in 2 CFR § 200 or as amended by 2 CFR § 1201, or the most recent version of FTA Circular 4220.1 are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any request which would cause a violation of the FTA terms and conditions.

NO GOVERNMENT OBLIGATION TO THIRD PARTIES

The Recipient and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to the Recipient, Contractor or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract. The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

NOTICE TO FTA AND U.S. DOT INSPECTOR GENERAL OF INFORMATION RELATED TO FRAUD, WASTE, ABUSE, OR OTHER LEGAL MATTERS

If a current or prospective legal matter that may affect the Federal Government emerges, the Recipient must promptly notify the FTA Chief Counsel and FTA Regional Counsel for the Region in which the Recipient is located. The Recipient must include a similar notification requirement in its Third Party Agreements and must require each Third Party Participant to include an equivalent provision in its subagreements at every tier, for any agreement that is a "covered transaction" according to 2 C.F.R. §§ 180.220 and 1200.220.

(1) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.

(2) Matters that may affect the Federal Government include, but are not limited to, the Federal Government's interests in the Award, the accompanying Underlying Agreement, and any Amendments thereto, or the Federal Government's administration or enforcement of federal laws, regulations, and requirements.

(3) The Recipient must promptly notify the U.S. DOT Inspector General in addition to the FTA Chief Counsel or Regional Counsel for the Region in which the Recipient is located, if the Recipient has knowledge of potential fraud, waste, or abuse occurring on a Project receiving assistance from FTA. The notification provision applies if a person has or may have submitted a false claim under the False Claims Act, 31 U.S.C. § 3729 et seq., or has or may have committed a criminal or civil violation of law pertaining to such matters as fraud, conflict of interest, bribery, gratuity, or similar misconduct. This responsibility occurs whether the Project is subject to this Agreement or another agreement between the Recipient and FTA, or an agreement involving a principal, officer, employee, agent, or Third Party Participant of the Recipient. It also applies to subcontractors at any tier. Knowledge, as used in this paragraph, includes, but is not limited to, knowledge of a criminal or civil investigation by a Federal, state, or local law enforcement or other investigative agency, a criminal indictment or civil complaint, or probable cause that could support a criminal indictment, or any other credible information in the possession of the Recipient.

PATENT RIGHTS AND RIGHTS IN DATA

Intellectual Property Rights

This Project is funded through a Federal award with FTA for experimental, developmental, or research work purposes. As such, certain Patent Rights and Data Rights apply to all subject data first produced in the performance of this Contract. The Contractor shall grant the Agency intellectual property access and licenses deemed necessary for the work performed under this Contract and in accordance with the requirements of 37 C.F.R. part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by FTA or U.S. DOT.

The terms of an intellectual property agreement and software license rights will be finalized prior to execution of this Contract and shall, at a minimum, include the following restrictions:

Except for its own internal use, the Contractor may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of FTA, until such time as FTA may have either released or approved the release of such data to the public. This restriction on publication, however, does not apply to any contract with an academic institution.

For purposes of this Contract, the term "subject data" means recorded information whether or not copyrighted, and that is delivered or specified to be delivered as required by the Contract. Examples of "subject data" include, but are not limited to computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information, but do not include financial reports, cost analyses, or other similar information used for performance or administration of the Contract.

1. The Federal Government reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use for "Federal Government Purposes," any subject data or copyright described below. For "Federal Government Purposes," means use only for the direct purposes of the Federal Government. Without the copyright owner's consent, the Federal Government may not extend its Federal license to any other party.

- a. Any subject data developed under the Contract, whether or not a copyright has been obtained; and
- b. Any rights of copyright purchased by the Contractor using Federal assistance in whole or in part by the FTA.

2. Unless FTA determines otherwise, the Contractor performing experimental, developmental, or research work required as part of this Contract agrees to permit FTA to make available to the public, either FTA's license in the copyright to any subject data developed in the course of the Contract, or a copy

of the subject data first produced under the Contract for which a copyright has not been obtained. If the experimental, developmental, or research work, which is the subject of this Contract, is not completed for any reason whatsoever, all data developed under the Contract shall become subject data as defined herein and shall be delivered as the Federal Government may direct.

3. Unless prohibited by state law, upon request by the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the Federal Government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under that contract. The Contractor shall not be required to indemnify the Federal Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Federal Government.

4. Nothing contained in this clause on rights in data shall imply a license to the Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Federal Government under any patent.

5. Data developed by the Contractor and financed entirely without using Federal assistance provided by the Federal Government that has been incorporated into work required by the underlying Contract is exempt from the requirements herein, provided that the Contractor identifies those data in writing at the time of delivery of the Contract work.

6. The Contractor agrees to include these requirements in each subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS

The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. chapter 53, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5323(l) on the Contractor, to the extent the Federal Government deems appropriate.

The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

1. Procure or obtain;

The contractor may not terminate any DBE subcontractor and perform that work through its own forces or those of an affiliate without prior written consent of the Agency.

RESTRICTIONS ON LOBBYING

Conditions on use of funds.

(b) Each person who requests or receives from an agency a Federal contract, grant, loan, or cooperative agreement shall file with that agency a certification, that the person has not made, and will not make, any payment prohibited by paragraph (a) of this section.

(c) Each person who requests or receives from an agency a Federal contract, grant, loan, or a cooperative agreement shall file with that agency a disclosure form if such person has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered Federal action), which would be prohibited under paragraph (a) of this section if paid for with appropriated funds.

(d) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a statement, whether that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

(e) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a disclosure form if that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

An event that materially affects the accuracy of the information reported includes:

- (1) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or
- (2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,

All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. (h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

SAFE OPERATION OF MOTOR VEHICLES

Seat Belt Use

The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company rented vehicles, or personally operated vehicles. The terms "company-owned" and "company-leased" refer to vehicles owned or leased either by the Contractor or Agency.

Distracted Driving

The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contractor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this Contract.

SEISMIC SAFETY

The contractor agrees that any new building or addition to an existing building will be designed and constructed in accordance with the standards for Seismic Safety required in Department of Transportation (DOT) Seismic Safety Regulations 49 C.F.R. part 41 and will certify to compliance to the extent required by the regulation. The contractor also agrees to ensure that all work performed under this contract, including work performed by a subcontractor, is in compliance with the standards required by the Seismic Safety regulations and the certification of compliance issued on the project.

SIMPLIFIED ACQUISITION THRESHOLD

Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. § 1908, or otherwise set by law, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. (Note that the simplified acquisition threshold determines the procurement procedures that must be employed pursuant to 2 C.F.R. §§ 200.317–200.327.

The simplified acquisition threshold does not exempt a procurement from other eligibility or processes requirements that may apply. For example, Buy America's eligibility and process requirements apply to any procurement in excess of \$150,000. 49 U.S.C. § 5323(j)(13).

TERMINATION

Termination for Convenience (General Provision)

The Agency may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Agency's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to Agency to be paid the Contractor. If the Contractor has any property in its possession belonging to Agency, the Contractor will account for the same, and dispose of it in the manner Agency directs.

Termination for Default [Breach or Cause] (General Provision)

If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the Agency may terminate this contract for default. Termination shall be effected by serving a Notice of Termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will be paid only the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the Agency that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the Agency, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a Termination for Convenience.

Opportunity to Cure (General Provision)

The Agency, in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect. In such case, the Notice of Termination will state the time period in which cure is permitted and other appropriate conditions

If Contractor fails to remedy to Agency's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within [10 days] after receipt by Contractor of written notice from Agency setting forth the nature of said breach or default, Agency shall have the right to terminate the contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude Agency from also pursuing all available remedies against Contractor and its sureties for said breach or default.

Waiver of Remedies for any Breach

In the event that Agency elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this contract, such waiver by Agency shall not limit Agency's remedies for any succeeding breach of that or of any other covenant, term, or condition of this contract.

Termination for Convenience (Professional or Transit Service Contracts)

The Agency, by written notice, may terminate this contract, in whole or in part, when it is in the Agency's interest. If this contract is terminated, the Agency shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.

Termination for Default (Supplies and Service)

If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension, or if the Contractor fails to comply with any other provisions of this contract, the Agency may terminate this contract for default. The Agency shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract. If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Agency.

Termination for Default (Transportation Services)

If the Contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension, or if the Contractor fails to comply with any other provisions of this contract, the Agency may terminate this contract for default. The Agency shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of default. The Contractor will only be paid the contract price for services performed in accordance with the manner of performance set forth in this contract.

If this contract is terminated while the Contractor has possession of Agency goods, the Contractor shall, upon direction of the Agency, protect and preserve the goods until surrendered to the Agency or its agent. The Contractor and Agency shall agree on payment for the preservation and protection of goods.

Failure to agree on an amount will be resolved under the Dispute clause.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Agency.

Termination for Default (Construction)

If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will ensure its completion within the time specified in this contract or any extension or fails to complete the work within this time, or if the Contractor fails to comply with any other provision of this contract, Agency may terminate this contract for default. The Agency shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. In this event, the Agency may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the Agency resulting from the Contractor's refusal or failure to complete the work within specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Agency in completing the work.

The Contractor's right to proceed shall not be terminated nor shall the Contractor be charged with damages under this clause if: 1. The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include: acts of God, acts of Agency, acts of another contractor in the performance of a contract with Agency, epidemics, quarantine restrictions, strikes, freight embargoes; and 2. The Contractor, within [10] days from the beginning of any delay, notifies Agency in writing of the causes of delay. If, in the judgment of Agency, the delay is excusable, the time for completing the work shall be extended. The judgment of Agency shall be final and conclusive for the parties, but subject to appeal under the Disputes clause(s) of this contract. 3. If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of Agency.

Termination for Convenience or Default (Architect and Engineering)

The Agency may terminate this contract in whole or in part, for the Agency's convenience or because of the failure of the Contractor to fulfill the contract

obligations. The Agency shall terminate by delivering to the Contractor a Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the Agency's Contracting Officer all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. Agency has a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, all such data, drawings, specifications, reports, estimates, summaries, and other information and materials.

If the termination is for the convenience of the Agency, the Agency's Contracting Officer shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services.

If the termination is for failure of the Contractor to fulfill the contract obligations, the Agency may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by the Agency.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Agency

Termination for Convenience or Default (Cost-Type Contracts)

The Agency may terminate this contract, or any portion of it, by serving a Notice of Termination on the Contractor. The notice shall state whether the termination is for convenience of Agency or for the default of the Contractor. If the termination is for default, the notice shall state the manner in which the Contractor has failed to perform the requirements of the contract. The Contractor shall account for any property in its possession paid for from funds received from the Agency, or property supplied to the Contractor by the Agency. If the termination is for default, the Agency may fix the fee, if the contract provides for a fee, to be paid the Contractor in proportion to the value, if any, of work performed up to the time of termination. The Contractor shall promptly submit its termination claim to the Agency and the parties shall negotiate the termination settlement to be paid the Contractor.

If the termination is for the convenience of Agency, the Contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination.

If, after serving a Notice of Termination for Default, the Agency determines that the Contractor has an excusable reason for not performing, the Agency, after setting up a new work schedule, may allow the Contractor to continue work, or treat the termination as a Termination for Convenience.

VIOLATION AND BREACH OF CONTRACT

Disputes:

Disputes arising in the performance of this Contract that are not resolved by agreement of the parties shall be decided in writing by the authorized representative of the agency. This decision shall be final and conclusive unless within [10] days from the date of receipt of its copy, the Contractor mails or otherwise furnishes a written appeal to the agencies authorized representative. In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the agencies authorized representative shall be binding upon the Contractor and the Contractor shall abide by the decision.

Performance during Dispute:

Unless otherwise directed by the agencies authorized representative, contractor shall continue performance under this contract while matters in dispute are being resolved.

Claims for Damages:

Should either party to the contract suffer injury or damage to person or property because of any act or omission of the party or of any of his employees, agents or others for whose acts he is legally liable, a claim for damages therefore shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.

Remedies:

Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the agencies authorized representative and contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which the Agency is located.

Rights and Remedies:

Duties and obligations imposed by the contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the Agency or contractor shall constitute a waiver of any right or duty afforded any of them under the contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

CONFORMANCE WITH ITS NATIONAL ARCHITECTURE

Intelligent Transportation Systems (ITS) projects shall conform to the National ITS Architecture and standards pursuant to 23 CFR § 940. Conformance with the National ITS Architecture is interpreted to mean the use of the National ITS Architecture to develop a regional ITS architecture in support of integration and the subsequent adherence of all ITS projects to that regional ITS architecture. Development of the regional ITS architecture should be consistent with the transportation planning process for Statewide and Metropolitan Transportation Planning (49 CFR Part 613 and 621).

have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and

(b) Was not convicted of the felony criminal violation under any Federal law within the preceding 24 months.

If the contractor cannot so certify, the Recipient will refer the matter to FTA and not enter into any Third Party Agreement with the Third Party Participant without FTA's written approval.

(2) Flow-Down. The Recipient agrees to require the contractor to flow this requirement down to participants at all lower tiers, without regard to the value of any subagreement.

SEVERABILITY

The Contractor agrees that if any provision of this agreement or any amendment thereto is determined to be invalid, then the remaining provisions thereof that conform to federal laws, regulations, requirements, and guidance will continue in effect.

TRAFFICKING IN PERSONS

The contractor agrees that it and its employees that participate in the Recipient's Award, may not:

(a) Engage in severe forms of trafficking in persons during the period of time that the Recipient's Award is in effect;

(b) Procure a commercial sex act during the period of time that the Recipient's Award is in effect; or
